Howard was like a third father to me. It was because of his generosity that Mark and I were able to purchase our first home. He was always very supportive of me and even told Mark he should marry me. I will miss having his jovial and kind personality in my life.

When my husband and I got our first home and was expecting our first baby... I got a hold of a carpet that was removed from a model home and Mr. Bagero installed it in the baby room for free. Such a big help for a young struggling family. Peace and comfort to His family and His soul.
