Debra is my great aunt emphasis on the great. As a child my mother wasn't in my life I looked forward to going to the family get togethers and seeing all of my grandmother's sisters strong proud beautiful women. I always admired Debra for being caring but not soft and always letting me know when I could do better. Her relationship with Frank was something I had always aspired to hold my relationships to as a standard. I pray for comfort for Frank and the wonderful people they created. She will be missed.
