The family would like to thank the loving, caring staff at Kresge Healthcare and Rehab for their outstanding care.

Wilma was one of my very best friends for 20 or more years. She always had a smile on her face even when circumstances sometimes were not that pleasant. She was truly "one of a kind" and always very generous and helpful. We had some truly memorable times together whether going on trips, playing cards, doing jigsaw puzzles or just being in each others company and her energy was boundless. Her absence leaves a hole in my heart but I know she is with the Lord and that some day I will see her again. I love you Wilma!!!!Kakki

I will always remember the daily talks with Wilma over the last 3 years. I visit my mother daily at CRC where Wilma was a resident. My mother has severe dementia and sometimes it can be very depressing when she only sleeps or when she is up and very confused. Stopping to talk to Wilma after visiting my mother was always uplifting. She was the bright light in my day. I miss her so much and my visits will never be the same. Thank you Wilma for helping me get through this tough time in my life and making it a little easier. I am so grateful that I had the opportunity to have such a wonderful friend in my life.

A lady of elegance always a sharp dresser. Always enjoyed going by her home to admire her flowers & the crocheted dress hanging on the front door. 🌸
