Ohh nana! Where do I even begin? I cannot believe I am even having to do this. We were suppose to go finish up our Christmas shopping tomorrow, you were suppose to come over and stay the night like you always do on Christmas Eve. But I know you're still gonna be with me everywhere. This year will be extremely difficult but we will make it as happy as we can for you. We know you loved watching us open the presents you got us it always put such a smile on your face. But the memories we will all forever cherish. I know you would be proud to know that I am wearing your wedding ring, you have told me to take it since I was 16, & I always told you I'm not taking it until something happened. I have so many memories of every little or big thing we have done together. I'm so thankful to have been the granddaughter of such an amazing, silly and kindhearted nana. Love you mostest and your final goodnight. ♥

I will do my best for your Monday dinners, I will always set you a plate, I won't make the dinners as good as yours, the laughs will be hard to do without you, Mondays just won't be the same without you. I will keep Dancing with your Beautiful great granddaughter and I have so many memories of you and your precious, beautiful granddaughter Heather, I will try my best to keep her so happy as you did.
