I got to know Mark after we became neighbors. He and his wife moved across the street from us 13 years ago . We were having a party and and I did a burnout in the road and he was outside watching. The next day I went over to apologize for it . He says I thought that was badass man !! After that we became good friends! He would always watch our house for us try to help us in anyway he could. I'll miss him coming buy just to check on us . He was always nice and kind to us . Good bye for now my friend.
